Soldiers Stand in Shadow of Citadel

Soldiers on Guard in Kiev

Here are the first pictures of the German occupation of Kiev, capital of the Ukraine and Russia's third largest city. The pictures show German soldiers standing in the shadow of the Citadel, historic landmark in the city, and Nazi soldiers, armed with rifles, riding down a deserted street in the city. Kiev has a population of 846,000. It was the first major prize to fall to the Nazis.

U.S.-OWNED SHIP IS SUNK BY AXIS

Pink Star Goes Down Near Iceland, With Cargo For Britain

(By Associated Press)
WASHINGTON, Sept. 23.—Sea war added another American-owned merchantman to its toll today, and the capital wondered whether this latest sinking was meant to be an open challenge to President Roosevelt's shoot-on-sight order which barred the "defensive waters" of the United States to all Axis raiders.

The newest victim was the freighter *Pink Star*, owned by the U. S. Maritime Commission but operating under Panamanian registry. It was the first such sinking reported since Mr. Roosevelt proclaimed the "defensive waters" policy Sept. 11.

The *Pink Star* went down last Friday, the state department disclosed last night, southwest of Iceland in the same waters that witnessed the loss of two other American-owned vessels and the unsuccessful submarine attack on the U. S. destroyer *Greer*.

NEWSIES FIND \$260 IN LISBON STREETS

LISBON, Sept. 23.—That old song, "Pennies From Heaven" (Remember?) was only a piker's version to four newsboys here Monday afternoon when they went about picking up \$5, \$10, \$20 and \$50 bills which they found scattered about in the N. Market st. business section.

One youth, reporting for his papers at the news agency, announced he had found a \$50 bill, and very shortly another came in with a \$10, and then the treasure hunt was on. Leaving no brick unturned the boys picked up \$260 in good United States currency, which they turned over to the Deputy Sheriff H. J. Clark, who happened along.

It was not long, however, that a distressed Lisbon business man put in a call to the department that he had lost a large sum of money, stating the currency had slipped from a hole in his pocket. The money was returned and the boys rewarded.

TEXAS AWAITING TROPICAL STORM

Coastal Areas Bracing For Hurricane Sweeping In From Gulf

PORT ARTHUR, Tex., Sept. 23.—Residents of coastal Texas braced themselves today to meet the force of a tropical hurricane sweeping in from the Gulf of Mexico.

Many communities in the direct path of the storm were virtually evacuated and stores and homes battered down.

Dangerous gales were forecast from Port Arthur to Port Arthur, three-fourths of the long Texas coast line.

Preparations were made to handle any emergency.

The army ordered all of its 4,700 men from Ellington field except a skeleton crew of 100 men in the fire, water and electrical departments. Freeport was virtually deserted.

TELEPHONE LINEMAN TOUCHES WIRE, DIES

YOUNGSTOWN, Sept. 23.—Raymond Anderson, 21, an employee of the Ohio Bell Telephone Co. for 6 months, was fatally burned by electricity late yesterday while installing a telephone at a suburban residence.

Ohio Bell officials said that Anderson, while working from a pole, accidentally came in contact with a power line of the Ohio Edison Co.

Boardman township firemen recovered the body with ladders.

URGES NEUTRALITY ACT REPEAL

Both Nazis, Reds List Huge Losses Of Enemy Troops

(By Associated Press)
MOSCOW, Sept. 23.—In violent fighting around Lake Ilmen, south of Leningrad, Russian troops have bought the German onset to a standstill and driven forward in successful counterattacks, Red Star, organ of the Red army, declared today.

An article by Lieutenant General Vatutin said the drive had cost the Germans up to 50,000 killed, wounded and captured, and denied German reports that three Soviet armies had been routed in the sector 150 miles south of Russia's besieged second city.

Warfront dispatches declared today that fierce Russian counterattacks and bayonet charges hurled back two German regiments on the central front and drove Finnish troops from strong fortifications in the lake county to the north.

Fighting raged unceasingly around beleaguered Leningrad and Odessa.

Red Star, organ of the Red army, said two regiments of the 102nd German infantry division were defeated in the Soviet counterattack, aimed at the recapture of a district designated only as "N."

The Soviet information bureau, mentioning neither fallen Kiev nor besieged Odessa and Leningrad, announced today that nearly six German infantry battalions—totaling perhaps 3,500 men—had been wiped out on the central front.

Five days of battle in that zone, the scene of persistent Red army counterattacks, were declared to have led to the annihilation of forces from the 102nd, 123rd and 251st German infantry divisions and the 451st infantry regiment.

SHERIFF RAIDS BRIMFIELD TRACK

RAVENNA, Sept. 23.—Armed with search warrants prepared by Prosecutor Theodore Tilden, sheriff's deputies late Monday confiscated pari-mutuel tickets at the Brimfield dog track, 10 miles southwest of here.

Tilden also prepared six separate warrants charging the operators of the track with promoting gambling to be served if the track operated tonight.

The search warrants were issued by Common Pleas Judge Black C. Cook following the preparation of an affidavit by Tilden against the Brimfield Park Co. and the Kent Amusement Co.

Tilden acted after the track operators defied his order and opened the track to the public Saturday night. He visited the track, opened pari-mutuel tickets, evidence of gambling and supervising photographing of pari-mutuel activities.

SEVEN MORE DRAW FINES IN TRAFFIC

Total of 15 Rounded Up by State Patrol Since Weekend

Seven more motorists ran afoul of the state highway patrol yesterday and were hauled into court, making a total of 15 since the weekend.

Henry Burke of Alliance and Tony Pavlich of Niles, nabbed on charges of speeding, were fined \$10 and costs here by Mayor Norman Phillips.

FARMERS DEBATING SHORTAGE OF LABOR

Apple growers and potato growers are having difficulty in finding labor for harvesting their crops. Some farmers are also reporting difficulty in finding labor for harvesting corn. The state employment offices and the WPA are cooperating with the growers in trying to find help.

A meeting of all growers and farmers of Columbiana county who are having labor problems will be held at the Fairfield Centralized school, two miles south of Columbiana, at 8 p. m. Tuesday, according to an announcement made today by County Agent Floyd Lower of Lisbon.

Representatives of the above agencies will be present to discuss plans with the growers. Farmers who are in need of help are urged to attend this meeting in order that the total need may be determined and that plans may be completed for relieving the situation.

LEGION OUTLINES YEAR'S ACTIVITIES

LISBON, Sept. 23.—Clarence Wetzel of Lisbon, co-chairman of the American Legion's 10th district Americanization committee, returned today from Columbus where he attended a conference of 11 Legion district representatives to map Legion activities for the ensuing year.

These include the combatting of subversive acts, promotion of highway safety, adult education, youth activities and soil conservation.

Train Is Derailed

YOUNGSTOWN, Sept. 23.—An Erie railroad passenger train was derailed last night a few blocks from the line's passenger station in downtown Youngstown, tying up traffic for about an hour and a half. No one was injured.

The locomotive, tender and the first truck of the baggage car left the rails.

Churchill Drinks Toast With Young French Fugitives

Four French youths who escaped from their Nazi-dominated country by paddling two canoes across the rough channel to England are pictured with Prime Minister Winston Churchill and his wife as they drank a toast to Free France at No. 10 Downing street in London. The youths, all under 20 years of age, told of seeing many German warcraft in the channel but none spotted their canoes.

Baby Parade On Oct. 2 Will Be Highlight Of Apple Fete; Committee Calls For Entries

Prizes Offered In Apple Parade

Prizes of \$35 for first place, \$20 for second and \$10 for third—in three separate divisions—are offered for the best floats which participate in the Salem Apple Festival parade, which is to be held Saturday afternoon, Oct. 4.

R. L. Hutcheson, chairman of the parade committee, has plans for a lengthy review, led by color bearers and a number of High school bands.

The three classifications or divisions of the parade will be:

Rural; organizations; commercial and industrial.

First, second and third prizes will be awarded in each division.

Entries are now being accepted by Hutcheson or any member of his committee, which includes Ray Pearce, Atty Ralph Atkinson, Fred Smith and Huntley Pierce.

GOOD WILL APPLE TOUR IS PLANNED

Queen Gloria to accompany Festival Envoys In District Trip

A truck loaded with apples, and accompanied by an automobile bearing Miss Gloria Virginia Harry, Salem apple queen, will visit communities in Columbiana, Mahoning, Trumbull and Stark counties in a tour to start Thursday, in which invitations to attend the first annual Salem Apple festival Oct. 2, 3 and 4, will be issued.

Attendees on the truck will give away apples as the vehicle visits each village and city, conveying the message of the Salem event.

The queen, recently chosen, will appear in the towns on the itinerary for the first three days of next week.

Here's the apple truck tour for each day:

Thursday, Sept. 25: North Georgetown, Homeworth, New Garden, New Alexandria, Hanover, Kensington, Winona.

Friday, Sept. 26: Damascus, Beilitt, Sebring, Berlin Center, Ellsworth, North Jackson, Lordstown.

Saturday, Sept. 27: Greenford, New Waterford, New Springfield, New Middleton, Petersburg, Rogers, Leetonia, Washingtonville.

Monday, Sept. 29: Columbiana, 11 to 11:30 a. m.; Alliance, 12:00 to 1 p. m.; Lisbon, 1:45 to 2:15 p. m.; East Liverpool, 3 to 3:30 p. m.; Wellsville, 4 to 4:30 p. m.; Eugene Young will preside as announcer and master of ceremonies.

Tuesday, Sept. 30: Minerva, 11 to 11:30 a. m.; Alliance, 12:00 to 1 p. m.; Ravenna, 2:30 to 3 p. m.; Warren, 3:30 to 4:30 p. m.; H. S. Dodge as announcer and M. C.

Wednesday, Oct. 1: Niles, 11 to 11:30 a. m.; Youngstown, 12:00 to 1 p. m.; Struthers, 2 to 2:30 p. m.; Poland, 2:45 to 3:15 p. m.; Canfield, 3:45 to 4:15 p. m.; Salem, 4:30 to 5 p. m.

The festival opens then on the following day.

Open Season Friday Night

Highland school Parent-Teacher association will hold the first meeting of the fall on Friday night, with the new officers in charge. A program has been arranged. The public is invited to attend.

Tots Will Compete In Two Classes; Prizes Will Be Defense Stamps

A baby parade, with prizes for every entrant and special awards to the winners, is expected to attract considerable attention on the opening day of the Salem Apple Festival Thursday, Oct. 2. The festival will continue for three days.

Babies, from the tiniest up to and including five years, are eligible to enter the parade, scheduled for 3:30 p. m. that Thursday. That's just a little more than a week away.

Mothers, so get out your baby's best bonnet and that new dress she hasn't worn yet and plan to get in the parade.

The parade will have two classifications—One for infants up to one year and for babies from one year old to five, inclusive, it is announced by Mrs. Harold Wyckoff, chairman of the parade committee.

The names of entrants (and they're wanted as soon as possible) may be phoned either to Mrs. Wyckoff (4887) or Mrs. Elizabeth Baker, secretary of the Salem Business bureau, (4788). Other members of the committee are Mrs. Fred Campbell, Miss Irene Slutz, Mrs. Lowell Brown and Mrs. Genevieve Dimp.

Some sort of a prize will go to every contestant, with other prizes, including defense stamps, going to the winners.

The parade is scheduled to form at the corner of E. Pershing st. and S. Boradway at 3 p. m. Oct. 2, later moving northward to State st., east on State st., to Lincoln and return.

TAVERN MAN FINED ON "SLOTS" CHARGE

LISBON, Sept. 25.—Frank Haik, operator of a tavern at Lake Placid, near North Georgetown, Monday entered a plea of guilty before Common Pleas Judge Joel H. Sharp to a secret indictment, returned by the grand jury in session last week, charging him with exhibiting a gambling device.

Haik, whose place was raided several weeks ago by Sheriff George Hayes and Deputies Charles Peterson and Chris Pusey, who seized a console model containing three slot machines, was fined \$100 and costs by the court, given a 30-day suspended jail sentence, and forced to post \$500 bond for his good behavior for a year.

Judge Sharp also disposed of another criminal matter, when, at the recommendation of Prosecutor Frank W. Springer, the embezzlement charge against Attorney James O'Grady of Wellsville was nolle. The action was instituted by Prosecutor Springer O'Grady was cleared recently of disbarment charges instituted by the Columbiana County Bar association.

Alliance Court to Clamp Down On Noisy Celebrants

ALLIANCE, Sept. 23.—Noisy automobile parades, with horns blasting and tinware dangling behind newlyweds' cars, will be a thing of the past in Alliance unless the principals want to explain in police court.

Municipal judge Harry Moreland today told Police Chief Harry L. Stark to put an end to such disturbances by enforcing the anti-noise ordinance on the city's statute books.

BENTON ROAD IS NOW CLOSED FOR THE WINTER

Will Seek Honors In Grape Fete

Miss Edna June Feicht, Greenford High school Junior and runnerup in the Salem Apple Festival queen contest, will leave tomorrow for Sandusky where she will compete in the Sandusky grape festival queen contest.

Miss Feicht, who will be accompanied by her mother, is being sent to the Sandusky festival under sponsorship of the Salem Apple Festival association and the Junior Chamber of Commerce. Each group is sharing the expense of her trip.

Selection of the Sandusky festival queen will be made tomorrow night, following a banquet at 6 which formally opens the four-day affair. The winner also stands a chance of winning a cash prize.

Miss Feicht, a member of the Salem Apple Festival queen's court, ranked second when Miss Gloria Harry of Youngstown was chosen queen here last week.

TWO FAIL TO FILE FOR NOV. 4 BALLOT

Democratic Council Nominees Decline To Be Candidates

Although they received a sufficient number of write-in ballots, two nominees on the Democratic ticket have declined ticket places for the Nov. 4 election, the board of elections disclosed today.

They are Robert Campbell, one of three councilman-at-large candidates, and Newton Stirling, who was nominated as a Democratic Second ward council candidate.

Both failed to pay the required nominal filing fee and expressed themselves verbally as not wishing to have the offices, F. R. O'Hanlon, clerk of the election board, said.

With Campbell declining the councilman-at-large offer, this leaves two Democrats and three Republicans contesting for the three chairs.

The Democratic nominees are Samuel Krauss and Sidney Haines. The Republicans are Charles Rheutan and Harry Vincent, incumbents, and Fred A. Shaffer.

Stirling's withdrawal leaves Second Ward Councilman Arch Wentz unopposed for re-election.

Other Democratic candidates who qualified for ballot places: Mayor, Austin I. Getz.

President of council, Louis J. Griek.

Treasurer, James S. Gregg.

First ward council, H. E. Scullion.

Third ward council, Charles Cavanaugh.

Fourth ward council, Fred (Ike) Koenreich.

There was no solicitor nomination.

Gift for Hospital

RAVENNA, Sept. 23.—The Robinsons are contributing again. The family presented the site and made a \$50,000 it to pave the way for erection in 1930 of Robinson Memorial hospital here. Yesterday Portage county commissioners received a \$35,000 check from Mrs. Laurabelle Arms Robinson of California, widow of a former Ravenna banker, to help with enlargement of the hospital nurses' home.

KNOX ASSERTS U. S. EFFORTS ARE CRIPPLED

Speaks As New Battleship, Massachusetts, Slides Down Ways

BEARS HEAVIEST ARMAMENT AFLOAT

May Have to Take Part In "Another Fight for Human Liberty"

(By Associated Press)
QUINCY, Mass., Sept. 23.—Secretary of the Navy Frank Knox today watched the huge 35,000-ton battleship Massachusetts slide down the ways of the Fox river ship yards and then declared that the neutrality act was "crippling" the efforts of this country and should be immediately repealed.

"There should be no handicap on those who are trying to keep war away from these shores," the navy secretary shouted into a loud-speaker system that carried his words throughout the vast ship-building yards.

"We must waste no time in repealing the neutrality act." The mighty Massachusetts was launched without a slip-up.

Keel of New Cruiser Laid

The keel of a new cruiser, the U. S. S. Flint, was laid on the spot just vacated by the Massachusetts before the bow of the battleship had entered the water.

Knox asserted that recent events on the Russian front had made "the prospect of victory dim."

He did not elaborate on this, except to say that the casualties in Russia were greater than in any other conflict in history, and that the fighting in Russia had "a direct bearing on our own situation."

He said it was possible that the battleship just launched might have to "participate in another fight for human liberty."

"The Massachusetts and other battleships recently launched or building would carry the heaviest guns afloat," he said, and would participate in the job handed the navy of "seeing that the sea lanes between this country and Great Britain are kept free."

RELIEF AUDITOR TAKES ON NEW JOB

LISBON, Sept. 23.—Paul Smith of East Liverpool, auditor in the county relief office here, today was appointed by the county commissioners as food stamp office manager, succeeding Harold A. Moore of East Liverpool, who has resigned, effective Oct. 1.

Moore has accepted a position with an insurance firm, and the various duties which he has performed are being assumed by other employees in the relief department without employing additional help. This will result in a net saving of \$100 in the cost of operating the relief program.

Miss Irene Dinsmore of East Liverpool, clerk in the county WPA certifying offices, has been appointed certifying agent, and George Russell of Wellsville, relief investigator, has been appointed CCC selecting agent, posts which have been filled by Moore.

Commissioners today instructed Relief Director John W. Orr to reorganize his department in order that the additional duties may be absorbed by the appointees without loss of efficiency of the department.

POSTOFFICE WORK GETS UNDER WAY

Changes in the lobby of the Salem postoffice, designed to expedite the dispatching of outgoing mail, are being made by the Carl Westberg Co. of Chicago, low bidder on the project.

Postmaster A. E. Beardmore said that this and several other improvements at the postoffice would entail an expenditure of approximately \$2,500.

A new parcel post window is being built in the lobby at the point where the present letter drops are situated. An enlarged letter drop section is being constructed to the right of the present slots. A new door has been installed.

The new panel will be divided for city mail, out-of-town letters, packages and air mail and special delivery letters.

Changes in the lookout in the ceiling of the postoffice building also are to be made.

Auto Lands In Creek

Walter Heddison, 42, of R. D. 2, Kensington, escaped unhurt when his automobile left the road and plunged into a creek bed on Route 30, just east of East Rochester, at 1 a. m. today, the state highway patrol reported.

EPITAPH FOR A THEORY

Even before the idea jelled into an act of congress and became law, a few critics were pointing out that it shouldn't be called a neutrality act. They said it was more like an act of self-denial; by denying itself the privilege of behaving like a nation that didn't believe in taking orders from anybody, the United States hoped to stay out of war. It was more afraid of itself than it was afraid of any belligerent it could think of at the time.

There still are a few Americans left who believe that this country can crawl into a hole, pull the hole in after it, and settle down for a few thousand years of peace and quiet. But their dream is getting harder to conjure up with each passing day. They have watched the original neutrality act slowly be warped and bent till it bears only faint resemblance to the theory of isolation it expressed. They are mindful now that trial balloons for the repeal of the act, or at least modification so extensive it would amount to repeal, are being hoisted at the rate of one every few days without causing undue excitement. The neutrality principle was abandoned many months ago.

The theory of security by surrendering the privilege of getting into trouble is as dead as the Unknown Soldier. It was a fine theory. It covered everything but the possibility that there might be more important things than staying out of trouble.

CHECKING OFF BULGARIA

King Boris and his Bulgarians are hemmed in on the north by Rumania, on the west by Yugoslavia on the south by Greece, and on the east by the Black sea and Turkey in Europe. All except Turkey and the Black sea are controlled by Hitler's Germany and there is some doubt about them. If King Boris has gone to Berlin, there's no reason to be surprised. There's nowhere else for him to go. London, where he might prefer to go, has nothing to promise him except what it promised the Yugoslavs and Greeks.

Boris' father, Ferdinand, went to Berlin once under similar circumstances, consisting chiefly of the fact that he had to come to an understanding with his country's strongest neighbor. Ferdinand fought with the Central Powers in World War I. When it turned out that Germany and Austria-Hungary and the other Central Powers weren't strong enough to win the war, King Ferdinand abdicated and turned over the throne to son Boris, who has sat on it precariously for 25 years. Ever since the collapse of France, it has been probable that Boris would read a showdown with Germany; the collapse of Russia in the Ukraine made the showdown a certainty. There can be no recommitments from London when Boris finally gets popped into the Nazi sucker trap. It has no choice but to try to make the best of the hopeless situation which Germany's destruction of the balance of power in Europe has created for all small European countries.

WHEN NATURE IS KINDEST

In the fall it is not uncommon for a number of perfect days to succeed each other in an unbroken exhibition of nature at its best. This is something that happens so rarely in other seasons that for practical purposes it simply doesn't happen at all. There are perfect days in spring, and there are perfect days in summer. There even are perfect days in winter, but they are either introduced or followed by imperfect days and are noticeable chiefly because they mark a respite from the vagrancies of weather. To put the matter bluntly, hasn't the weather been lovely lately?

Almost never does the weather in other seasons become so super-duper, in the current phrase of complete approval, that people go about with shining eyes, commenting, "Wouldn't it be something if the weather stayed like this all the time!" It would indeed. But before what the poets have said about spring can sound like anything but rubbish there must be intense suffering and disappointment and distress—winter. After that anything seems good, even dank, disagreeable spring and humid summer. Just why the poets never did justice to fall is a mystery, unless there are some things so overwhelming that even poets are struck dumb by them.

SOMETHING HAS TO HAPPEN

On Sept. 12, at least 999,999 out of every 1,000,000 Americans expected immediate results from President Roosevelt's announcement of a showdown with Germany on the ocean.

On Sept. 16, informed that the President's shooting orders had not become effective until then, the index of expectancy had increased to 999,999½. Yet, a week later nothing has happened.

It could be that the United States naval patrol units haven't seen anything to shoot at. It could be that whatever they shot at was missed. It could be that there wasn't anything in the patrol areas. It could be that the Germans and Italians withdrew from all waters patrolled by the U. S. navy and will be seen there no more. Or it could be that none of these things is true and that whatever has happened, assuming that something has happened, is being cooled off in the censorial ice box, the way other news of naval developments has been cooled off by all participants, belligerent or otherwise, in this war.

One thing's certain. When the issue of freedom of the seas is joined, something has to happen. Something always has happened in the past, and there's no reason to think it is going to be any different.

THE STARS SAY:

For Wednesday, September 24

A RATHER routine state of affairs is the prognosis based on the lunar transits, as far as workaday or business operations are concerned. In other interests, however, there should be more than ordinary activity, excitement and pleasure to be joyously made the most of. Social, domestic, artistic and affectional matters should move at a lively pace, with personal magnetism, popularity and prestige greatly enhanced.

Those whose birthday it is may be on the threshold of a year in which the personal interests and aspirations are paramount to mere commercial or financial achievement. Business may be routine or mainly concerned with promoting social, domestic or emotional satisfactions. All pertaining to art, amusement or romance should flourish.

A child born on this day may be blessed with exceptional ability in the fine arts, or with such forms as pertain to drama, entertainment, social, domestic and cultural enhancement. It should be gracious, affable and magnetic.

PLAN ANTI-SPIN CHUTES

CHICAGO, Sept. 23.—A new parachute which will prevent parachute troops from spinning dizzily through the air was announced today in a symposium on aviation medicine at the University of Chicago's 50th anniversary celebration.

Fright is the worst enemy of the parachutist, particularly in long delayed plunges necessary to avoid detection by the enemy. Dr. Andrew C. Ivy of Northwestern university, Chicago, and Dr. Anton J. Carlson of the University of Chicago declared in reporting on studies made on the mental and physical reactions of jumpers.

The new parachute with the small anti-spin "air anchor" has been found to give the jumper a feeling of confidence, particularly in delayed falls because he floats in an erect or partly erect position and does not whirl through the air.

"It is our belief that when it is necessary to bail out of an airplane, a delayed opening of the parachute has certain strategic advantages," the scientists declared.

The jumper is less likely to foul another jumper, gets out of the way of a plane out of control, and quickly reaches a low altitude where breathing is safe. In the delayed opening jumps a daring parachutist, A. H. Starnes of Chicago, shot downward at speeds of more than 150 miles an hour in five separate leaps.

Nazi U-Boats Hold Rendezvous in Atlantic

German submarines meet in the Atlantic, coming to the surface to permit their commanders to map further attacks on British shipping. A small rubber boat is shown going from one U-boat to the other. Note some of the men wear shorts. This might indicate a South Atlantic location. These U-boats are the "rattlesnakes" President Roosevelt aimed the U. S. navy at in his dramatic radio address recently.

PROBE SIXTH SENSE OF BLIND

Scientists Find Hearing Explains It

By LOGAN CLENDENING, M. D.

No one can watch a bat, as I did last night, flying in the twilight of the garden without noticing again its remarkable ability to avoid obstacles. It swoops around at no mean rate of speed,

Dr. Clendinging will answer questions of general interest only, and then only through his column.

headed dead on for the limb of a tree, or the side of the garage, and at the last split second looms up and away. What sense guides it? Not sight entirely.

A scientist fitted up a room with heavy cross wires, and released a bat into it in total darkness, but the animal flew around and avoided collision with all the wires. Hearing is the answer of science. Bats emit sound tones in flight of 50,000 vibrations per second—too high for human hearing. These reflect from obstacles in their path and guide them. Like aviators, bats come in on the beam—an auditory beam.

Dallenbach's Tests

We hear of the "sixth sense," the "warning sense" of the blind in avoiding obstacles. What is it? The bat's method gives us a hint, according to Dr. Karl M. Dallenbach, professor of psychology at Cornell, before the General Electric Science Forum, described in "Science and Discovery" for September.

In testing a group of blind people and a group with normal vision who were to be blindfolded, the blind expressed confidence beforehand that they could tell when an obstacle is in the path, the seeing ones were not so sure. In order to have a definite unit of measurement of this ability, they were asked to walk up to a blank wall. The exact distance when

they stopped and began to sense its presence could be used as an accurate comparison of sixth sense ability.

The spot where they stopped when they first perceived the presence of the wall was put down as one figure. Then they were told to walk further until they were as close as possible without coming into contact with the wall. The first distance divided by the second gave the ratio used as a standard.

Hearing Guided Them

At first the ones with normal vision would stop at twenty feet from the wall, giving a very low ratio, but they soon learned and acquired as good a ratio as the blind subjects.

Some of them thought they detected the wall by pressure sensations in the skin of the face and hands. These were eliminated by a veil of heavy felt to cover the face without coming into contact with it. Wearing this, the groups perceived the wall as accurately as before.

The hearing was tested by plugging up the ears, leaving the face uncovered with the exception of the blindfolds. This destroyed their sixth sense entirely. In 400 "clats" each blind and those with normal vision ran into the wall every time when the ears were stopped.

So the blind's sixth sense turns out to be hearing. "The subjects were able to avoid the wall when their hearing was intact," says Dr. Dallenbach, "but unable to avoid it when the hearing was impaired."

QUESTIONS AND ANSWERS

G. G. M.—"I can't drink our water so I drink pop instead. Is too much pop harmful and is it fattening? Is it harmful for a boy 4 years old to have any coffee every morning? I can't get him away from it."

Answer — Pop does no special harm. All pop contains sugar and to that extent is fattening. In my opinion, four years is too young for children to be drinking coffee.

EDITOR'S NOTE: Dr. Clendinging has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendinging, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene," and "The Care of the Hair and Skin."

Twist of the Wrist

LYNCHBURG, Va. — The next time the doctor is called to the W. H. Boswell household he probably will make extra sure he has some splints.

Mrs. Alice Barksdale, a boarder, fell and snapped her left wrist. Then Mrs. B. C. Farmer, a daughter of Mrs. Boswell, fell and broke her left wrist.

Mrs. Boswell, reaching to turn off a light, fell—and fractured her left wrist.

Today's Pattern

UNUSUAL SIDE-BUTTONED FRONT
Pattern 4747

Up bright and early this fresh young home frock by Anne Adams! Pattern 4747 is just the sort of workaday style you like—see the convenient side buttoning! Incidentally, its effect is very slimming and the set-in belt (also buttoned at the left) produces a trim waistline. The skirt is simple, made in four sections—yet it has a graceful flare. Don't you like the "border" effect created by ric-rac on the sleeves, skirt and the one big pocket? You can also make a different version with contrast bands around the neck, closing, on the sleeves and skirt, with the belt and pocket made of the contrasting fabric, too. The Sewing Instructor shows you just how to stitch this up quickly!

Pattern 4747 is available in misses' and women's sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 takes 3 1/2 yards 35 inch fabric and 3 1/4 yards ric-rac.

Send FIFTEEN CENTS (15c) in coins for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS and STYLE NUMBER.

That home your family loves so dearly!

PROTECT IT AGAINST LOSS

with a WESTERN and SOUTHERN COMMERCIAL WHOLE LIFE POLICY

If you are among the millions owning mortgaged homes, you have worried about the possibility of your being taken away before the debt is paid. Would your family, without your earnings, be able to meet the obligation?

The holder of your mortgage will insist that it be fully protected by fire insurance. Should you be less concerned about protecting your home with life insurance? A Western and Southern Commercial Whole Life Policy to cover the debt can dispel this cloud that so often threatens home ownership. It will guarantee that your family will continue to enjoy the blessings of the home you have provided for them.

The cost of this protection is negligible in comparison with the security and peace of mind provided. The sooner you act, the lower the cost will be. Why not call the Western and Southern man today.

FIVE CENTS A DAY

Men naturally ask—"What does this cost per week? And how do we come out in case I live?"

Suppose you are age 35 and your home has a \$5000 mortgage which you are reducing at approximately \$250 a year. At this rate, the mortgage will be repaid in 20 years.

The annual premium on a \$5000 Commercial Whole Life Policy, at age 35, is \$100.05. If you live and continue these payments for 18 1/2 years, you will have paid out \$1,850.83. But your policy, at the end of 18 1/2 years, will have a cash value of \$1,230, leaving a net cost of only \$620.83 over the 18 1/2 year period.

NOW GET THIS: If your mortgage is one of the FHA types with 4 1/2% interest, you will still owe, at the end of 18 1/2 years, \$1,224. But this is less than the cash value of your policy by \$620.83. Your home will then be debt-free three and one-half years earlier than planned and the cost of your insurance for the entire period will be reduced further by the elimination of three and one-half years' interest on the mortgage, amounting to \$113.00. This will reduce your net cost for the entire period to 5 cents a day!

EMPLOYMENT UNIT TO AID SOLDIERS

Will Cooperate with Draft Committeemen in Finding Jobs

The Salem employment security center will cooperate with the re-employment committeemen of local draft boards in finding jobs for those Columbiana county trainees soon to be released from military service, Manager A. S. Johnston of the employment center, located at 616 E. State st. announced today.

The employment security center will serve all local draft boards in this community in a consulting capacity on all employment matters. Approximately 8,000 Ohio men are scheduled to be released before the end of the year.

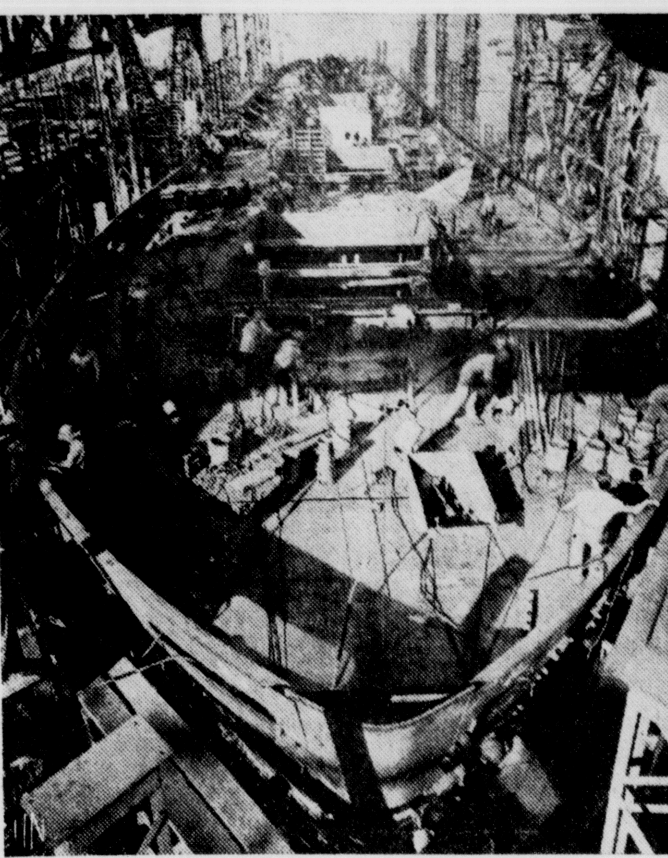

Under plans announced by state selective service headquarters, all returning soldiers desiring assistance in finding employment will report to the re-employment committeemen of their draft boards. The re-employment committeemen, in turn, will endeavor to return these soldiers, who held jobs prior to induction, to their old positions. The records of these who had no jobs, as well as those who seek new positions, will be turned over to the nearest employment security center. Here the men must register so that their qualifications for jobs may be determined.

Although it is not anticipated that there will be any difficulty in placing returning trainees in jobs in view of the demand of defense industries for workers, Manager Johnston pointed out that an additional safeguard in the form of unemployment compensation is provided many soldiers under amendments, effective Oct. 1, to the Ohio Unemployment compensation law.

By these amendments, benefit rights of those Ohioans who entered military service since March 31, 1940, are "frozen" pending their return to civilian life. Thus an Ohioan will have the same benefit rights when he completes his military service as when he entered the service, and may draw benefits after filing a valid claim. The waiting period is not required with respect to the first benefit year of a trainee. Without the amendments he would have lost his benefit rights by lapse of time, Manager Johnston explained.

COLUMBUS, Sept. 23.—Soldiers wearing the proper uniform will be admitted free of charge to Ohio State university football games here this season, Capt. Alfred G. Karger, Fort Hayes post public relations officer, announced today.

This is a Citizen—This is a Stooge

WHAT IS A CITIZEN?

A citizen is someone who is well informed—who knows how to take part in self-government. He knows the FACTS on events and issues of the day. He is equipped by this information for the responsibility of voting. He gets this information from his newspaper.

Citizens live in Democracies.

WHAT IS A STOOGES?

A stooge is someone who is UNINFORMED. He is kept from knowing the things that the citizen has to know. He can't take part in self-government. He can only do what he's told—submit to regimentation—because he doesn't know any better. He hasn't any honest newspaper to show him he's a stooge. All he reads is propaganda.

Stooges live in Dictatorships.

STOOGES STAND IN LINE

They line up in the state-controlled stores to buy what the dictators tell them. They don't get what they want; they get what the dictators want them to get. And they pay what the dictators want them to pay. If the dictators' propaganda says that butter made from axle grease tastes good, the stooges have to smack their lips over it. Or else get smacked!

NEW GRID STARS CRASH HEADLINES IN OHIO FOOTBALL

Season Openers See Many
Long-Distance Scorers
Among High Schools

BY FRITZ HOWELL

COLUMBUS, Sept. 23.—The curtain was up today on Ohio's annual football drama—a gigantic production boasting a cast of 17,000 boys and 525 teams.

The first act spotlight played heaviest on the northeastern sector around Massillon and Canton, but plenty of stars crashed the headlines in other portions of the state.

Massillon's mighty Tigers, with Coach Bill Houghton filling the huge shoes left when Paul E. Brown took over the Ohio State reins, won a close 6 to 0 decision over Weirton, W. Va., to run their victory string to 34. The Tigers, however, needed a Weirton fumble on the 20-yard line, and an eight-yard plunge by Fred Blunt, the team's only veteran, to bring home the win and satisfy 19,500 fans.

Canton McKinley, outstanding foe of the Tigers, raced away to a 62-0 victory over Canton Timken before 17,000, and indications were that the balance of power in the ancient Bulldog-Tiger series might swing to the Canton crew this year. Coach Floyd Schwartzwalder of McKinley, who replaced Johnny Reed, at the end of the 1940 campaign, loosed a junior halfback, Jack Crider, to bring victory.

Crider, with touchdown runs of 55, 24, 31, 58 and 16 yards, and three extra points from placement, took over the scoring leadership with 33, despite another 70-yard scoring jaunt nullified by a clipping penalty.

Champions Lose

Two of last season's unbeaten-undefeated contingent, West Jefferson and Orrville, dropped their opening encounters. West Jefferson, unbeaten through the 1939 and 1940 campaigns, lost a 7-0 decision to Circleville, which failed to win a game last year, while Orrville's two-season "clean" streak was marred by a 20-0 setback at the hands of Cuyahoga.

Clarence (Chuck) Campbell of East Cleveland Shaw, who transferred from Van Wert to replace Trevor Rees, new Ohio State assistant mentor, led his boys to a 19-7 win over Cleveland East before 13,000 fans, while Cleveland Collinwood upset a tough Sandusky crew 14 to 0 to set the stage for Friday night's Collinwood-Shaw engagement which is expected to "pack the joint" with more than 15,000 customers.

Jack (Speed) Harris, Zanesville's streak-of-lightning Negro halfback, came up with the week's long-run laurels as he romped 100 yards after intercepting a pass to help beat Columbus Aquinas 25 to 0. A couple of minutes later he raced 70 yards for another.

List Leading Scorers

Other leading scorers included Jack Tremelling of Canton Lincoln, who scored four touchdowns, on a 52-yard run to give his mates a 32-2 win over Garfield in Lincoln's debut in the Class A ranks; Pershing Mann and Willard Beatty, who scored three times each as Washington Court House ran up the week's biggest score, 89 to 0 over Waverly; Jim (Whizzer) Wilson, who ran 68, 24 and 24 yards for three touchdowns as Fremont Ross beat Bellevue 34 to 7; Bob Hall of the same Fremont squad who galloped 65 and 58 yards for two markers, and Roger Thomas of Xenia Central, who contributed three touchdowns which won over Wilmington by 29 to 0.

Coach Jim McDonald's Springfield High team presented five different scorers as the Wildcats beat Cincinnati Norwood 32 to 0 before 6,300 fans, the former Ohio State fullback and captain evidently having a powerful and well-rounded squad.

Powhatan's Indians, winners of nine straight last season, got off on the right foot with a 13 to 0 win over Barnesville; Chillicothe averaged a 1940 setback at the hands of Jackson, winning 6 to 0; Greenfield McClain, with Gerald (Red) Armstrong boasting another r. verhuise, smothered Clarksburg 60 to 6; Cleveland Cathedral Latin beat Ashtabula Harbor 12 to 0, presenting a nighty clash between the Cleveland champs and Massillon in a couple of weeks; while Grandview, with Charley (Chuck) Thakara replacing William Henry Harrison (Tippy) Dye as coach, turned in the week's biggest upset, a 6 to 0 win over mighty Columbus North.

Salem I. A. C. Winner Over North Jackson Stars, 5-2

In a game at Centennial park Sunday the Salem IAC defeated the North Jackson All-Stars 5-2, in the third and deciding battle of their inter-city series.

North Jackson collected only three hits to the Salemites' eight. Three of the Salem blows were homers, two by J. Zamorelli, one by A. Giosio. W. Guapone struck out 17 North Jackson batters to turn in a standout performance.

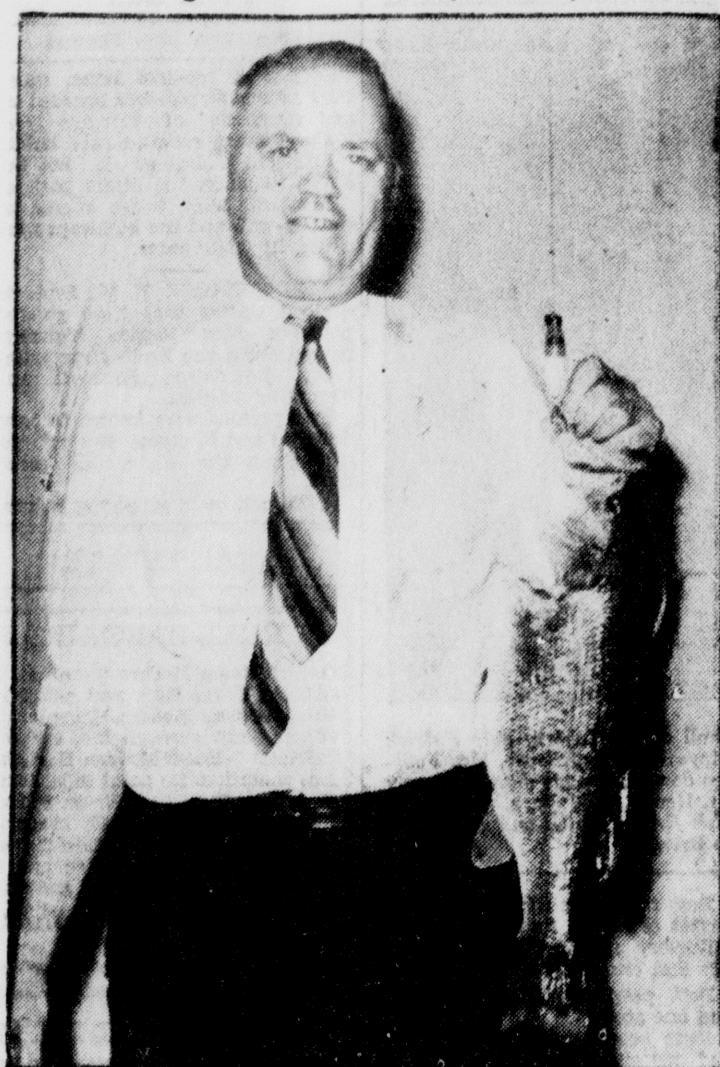

Score by innings:

Salem	001 013 0-5
N. Jackson	010 100 0-2

Big Bass Is His Specialty

Judging by his catches of the present season, Pete Schell of Broadway and E. Pershing st. may well qualify as champ bass fisherman of the district.

Pete has been fishing regularly this summer at Pine lake and within the space of about six weeks came up with two bass that would be prize catches in any lake.

His first big catch this summer registered six pounds. Last week he hooked another one, weighing slightly better than five and a half pounds and this one is pictured in the photograph above. Pete pretty nearly always manages to bag his limit, on any day.

Bumper Crop Of Game Seen For Ohio Hunters This Year

Ohio's hunters will have a bumper crop of game this hunting season according to reports received by Commissioner Don Waters from field men of the Ohio division of conservation and national resources.

Approximately 70,000 pheasants have been released by the conservation division. The Milan state racoon farm has produced 1,900 racoon this year, the bulk of which have been released. The division also released 16,276 rabbits last winter.

Pheasants have had a very successful nesting season. During the last few months not only were many broods seen but they were unusually large. Black or melanistic mutant pheasants stocked by the state originally are doing especially well according to reports received.

Rabbits seem to be at the top of their cycle from all reports, and the squirrel crop is reported good especially in southern Ohio.

Duck hunting, according to the U. S. Fish and Wildlife service, should be very good with an increase from 65,000,000 to 70,000,000 in the duck and geese population of the North American continent.

The conservation division has inaugurated a ruffed grouse propagation program to provide wing shooting in sections where pheasants are not easily propagated. This year more than 200,000 acres of public hunting lands will be opened by the division to Ohio hunters free of charge.

Resident hunting licenses cost \$1 with a 25 cent clerk fee. Non-resident licenses this year will be \$15 with a 25-cent clerk fee.

This year those who buy hunting licenses will get an extra break because they will remain in effect until midnight of Aug. 31, 1942.

Game protectors of the Ohio division of conservation and national resources hit the bullseye in August with 124 arrests and 124 convictions.

Fines totaled \$1,794 and costs \$582. Justices of the peace hearing the cases suspended \$438 in fines and \$12 in costs.

COLLEGE COACHES SET FOR 21-GAME OHIO SCHEDULE

"Sophomore Wrinkles" Are
Being Ironed Out As
Big Week-end Looms

(By Associated Press)
Ohio collegiate football coaches, facing a 21-game schedule this week, kept hard at work today ironing out those "Sophomore wrinkles."

And while you might reasonably think that most mentors would be in the dumps over loss of veteran material to the armed forces, defense jobs, graduation, etc., a majority of them actually were almost cheerful. The green timber from which teams must be fashioned is beginning to shape up all right.

Coach Frank (Duke) Hayes of Marietta, who thought his pioneers might have to quit football this year, sent a backfield composed of four comparative newcomers through its paces and admitted that it looked pretty good. Three Sophomores and a converted veteran end, Chuck McCoy of Columbus, make up the ball-toting quartet.

Second-year men held several key positions as Coach George Gauthier polished off his Ohio Wesleyan squad for its opener against Albion (Mich.) Saturday at Delaware. Fullbacks Bob Brentlinger of Lima and Ralph Copp of Dayton inspired smiles with a display of power that fits well into a tricky offensive the Battling Bishops' tutor is perfecting.

Zippers Drill Overtime
Akron university's Zippers drilled overtime on pass defense, preparing to meet Coach Howard Kissell's Muskingum college aggregation at New Concord in the opener for both schools Friday.

Denison university gets its first test against Rio Grande Friday night, but the Big Red anticipates little trouble with veterans Trautman, Hannaway and Dipperry on the line, and Jones, Hubona and Riley in the backfield.

The Denison battle will be the second of the week for Rio Grande. They took on the University of Louisville (Ky.) at Louisville last night in a contest postponed from last week because the Rio Grande eleven encountered bus trouble and arrived late for the game. The score: Louisville 58, Rio Grande 0.

Feder Aims Feud Between Durocher And Frisch As Talbot Sizes Up Pitchers

BY SID FEDER

Associated Press Sports Writer

There is a guy named Frankie Frisch in the National league, known up and down the senior circuit as "Onkel Franz."

New, Onkel Franz doesn't care much for Leo the Lip Durocher who manages the Brooklyn Dodgers. Onkel Franz said as much when he was boss man of the St. Louis Gas House gang and Leo the Lip was just a St. Leo hired hand.

WANTED—SOME ONE

U. S.-OWNED SHIP IS SUNK BY AXIS

**Pink Star Goes Down Near
Iceland, With Cargo
For Britain**

(Continued from Page 1)

The announcement was silent on several details—The fate of the 34 men in her crew, and there was no hint as to how she met her end—by a mine, torpedo, an aerial bomb or the guns of a surface raider. No amount of inquiry could elicit official information on these points.

The Pink Star bore a cargo destined for a British port, whereas the other two ships were carrying civilian supplies to Iceland. The ship, a 6,850-tonner had no American citizens in her crew.

As the first incident involving an American-owned ship since the President's speech, the sinking aroused much discussion.

Some legislators here had expressed belief that Axis raiders had received orders to keep out of "defensive waters" rather than risk an encounter with American warships. This view was predicated on the theory that the Axis preferred to avoid a showdown that might have explosive consequences.

Theory Challenged
The Pink Star incident presented a challenge to this theory. Some thought that it could be explained, however, as an isolated case in which the attack was made with faulty knowledge of the ship's nationality or without proper orders. Others believed that it might prove to be a calculated attack, presaging unrestricted sea warfare in American "defensive waters" as well as outside them.

The state department last night made public a sworn statement by First Mate Bjerrgaard of the Sessa, one of the other two vessels sunk, which told of the torpedo attack when it was "fairly dark—deep twilight but not faint darkness" and which said that "I do not believe the submarine could have made out the ship's markings."

Bjerrgaard, one of the survivors of the Sessa's crew of 27, told how he was in the engineer's cabin when the torpedo hit. Enroute to his office door, he said he heard a shot strike the bunker house and another hit the bridge.

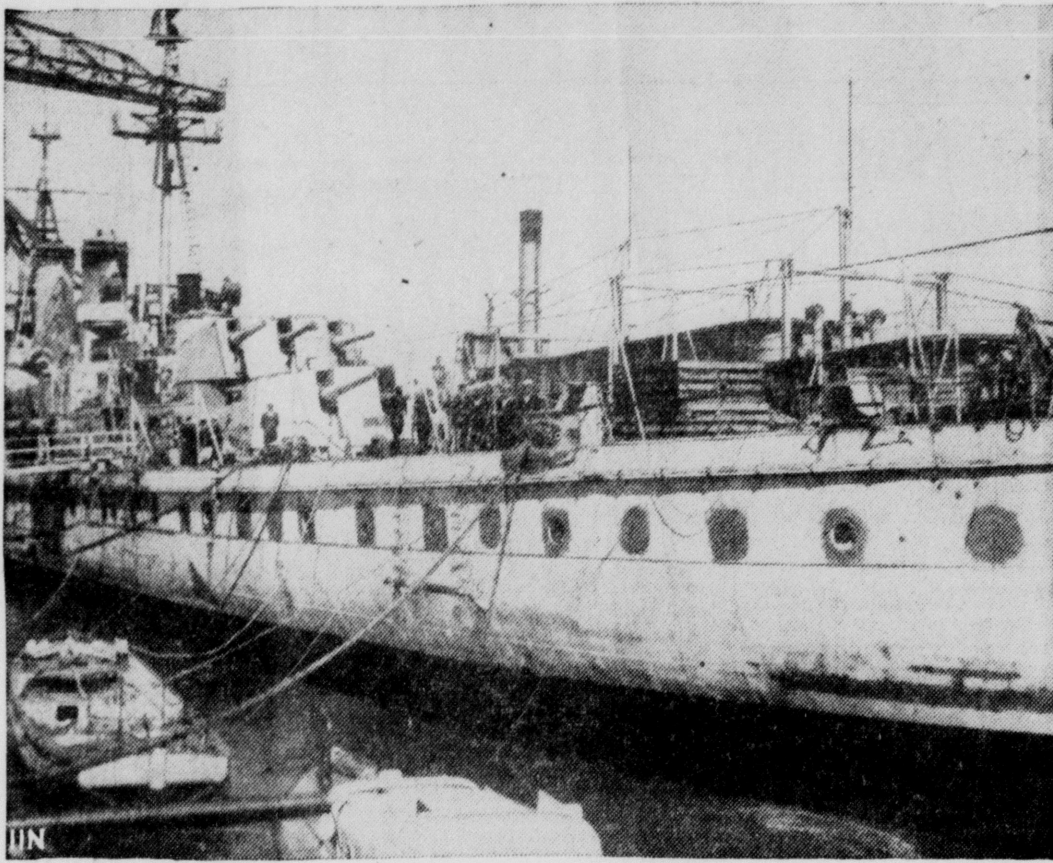

The American-owned Robin Moor, like the Sessa, also was shelled after a torpedo hit her May 21 in the south Atlantic.

No Report, Says Berlin
BERLIN, Sept. 23. — Authorized German sources expressed the opinion today that whatever happened to the American-owned steamer Pink Star, "it was done in accordance with the laws of war."

They said, however, that no German submarines or other overseas craft had specifically reported the sinking of the Panama-registered Pink Star, but added that messages had been received concerning sinkings out of a big convoy.

"The vessel was Panamanian, not

British War Vessels Repaired in U. S. Navy Yards

H. M. S. Liverpool at Vallejo, Cal.

Secretary of the Navy Frank Knox has disclosed that at least 12 British warships, including a battleship and two aircraft carriers, are being repaired in U. S. navy yards. The Warspite, a 30,000-ton battleship attacked in the Mediterranean, is under repair at Bremerton, Wash. Among other ships in U. S. yards is the new 9,400-ton cruiser Liverpool, shown above at Mare Island, Vallejo, Cal.

United States," an authorized source declared, "and we have not heard yet that Panama is part of the United States. The vessel was sunk in waters clearly defined as a German operations area."

LISBON FESTIVAL WILL OPEN FRIDAY

LISBON, Sept. 23. — Plans for Lisbon's Fall Festival and street frolie are going forward at full speed, and next Friday afternoon, when the annual community celebration opens, the town and every business house in it will present a gala appearance.

The Junior Chamber of Commerce hopes to make this the biggest community celebration ever attempted. The merchants are offering attractive prizes, both for those taking part in the treasure hunt, which will be staged in the stores, but also for the best pies, cakes, bread, the choicest of fruits and farm produce.

Trains Collide

MILLERSBURG, Sept. 23. — A double-header freight train crashed into a pusher engine in the Pennsylvania railroad station yards at nearby Lekeville yesterday. Three locomotives and 10 freight cars were derailed. Crewmen leaped to safety.

Wed, Slain Same Day

Mrs. Catherine Sherman

While still celebrating her marriage nine hours before to Lee Sherman, 26, a clerk at Dubuque, La., Mrs. Catherine Sherman, 26, was shot and killed in Chicago by a former suitor, Ronald Toft, 35, who then killed himself, according to police. Toft had been at the wedding party, police say, and had wished the newly-married pair "all the luck in the world." Two hours later he shot her with a rifle through a window as she approached a buffet table.

PLASTIC IS MADE FROM SUGAR CANE

Cheap, Tough Material May Pull Sugar Industry Out Of Doldrums

(By United Press)

NEW ORLEANS—Discovery of a cheap, miraculously tough plastic—made from bagasse, or crushed sugar cane fiber from which the juice has been extracted—is the latest hope to pull the domestic sugar industry well out of the doldrums.

Now in production at a plant near Lockport, La., the material has a thousand possible uses: gun stocks, gears, automobile bodies, airplane fuselages and wings, telephone equipment, radio cabinets, transcription discs (for which aluminum is needed), casings for electric shavers, etc.

It is said to stand up under terrific punishment. Bending strains up to 13,000 pounds do not affect it. The plastic is an insulator of heat and electricity, requiring a flame of blow torch intensity to ignite it. Acids do not affect it. A disc of the lustrous, jet-black substance six inches in diameter—designed to be a modern automobile horn—can be pounded on with a hammer or hurled on the floor without hurting it. Industrialists who have come to New Orleans to inspect the new product believe its manufacture should become a major industry and there are already more orders on hand than the present plant can fill.

Doubly Discovered
The plastic was developed by two chemists—Dr. D. F. J. Lynch, now at the Southern regional research laboratory here, and T. R. McElhinney. They worked on bagasse together in a government laboratory at Ames, Ia.

After baling and drying, the bagasse is ground into a powder and chemically treated. Then the granulated product, subjected to intense heat, is shaped in steel molds under pressures as high as 3,000 pounds to the square inch. The whole process is one of mass production.

About 1,500,000 tons of bagasse are wasted every year in Louisiana alone and there would be no transportation cost on the raw material since the plastic-manufacturing factories would be set up right next to the sugar refineries.

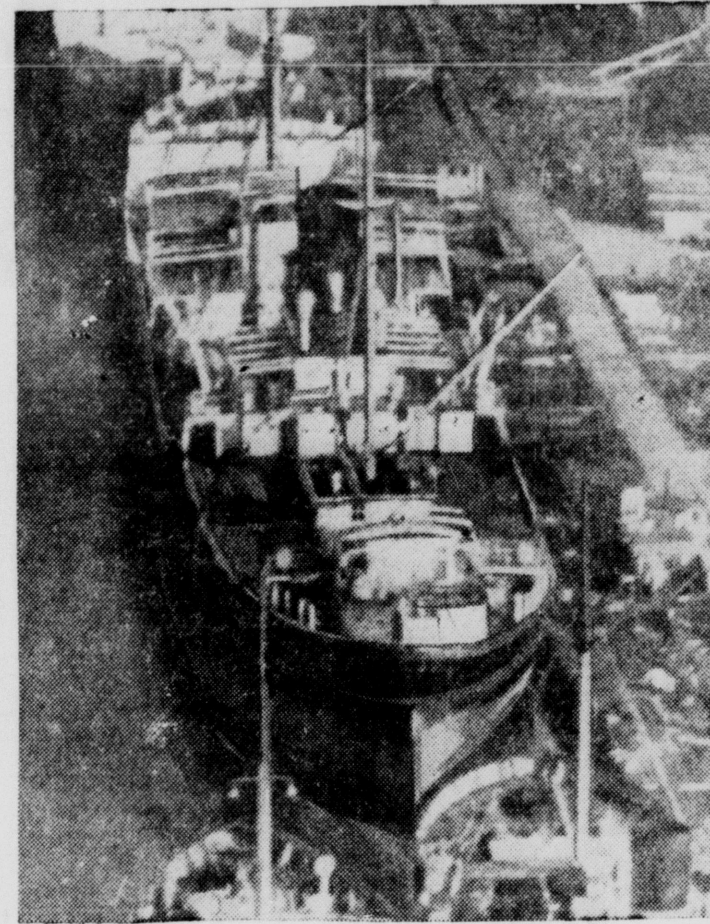

Poor Quality Potatoes May Be Saved As Food

FARGO, N. D. — The Greater North Dakota association is seeking a new means of deriving income from potatoes discarded because of poor quality.

Ralph Welch, the association's agricultural assistant, said the war has given impetus to dehydration of potatoes for use as food. Experiments have improved the process of dehydration under stimulus of the necessity for food shipments in compact lots, he said.

Sunk In Defiance to "Shoot Order"

Here is the American-owned freighter Pink Star, sunk 200 miles west of Iceland in the first attack on American shipping since the U. S. navy received orders from President Roosevelt to shoot Axis raiders on sight, according to the U. S. state department, the Pink Star was sunk only 45 miles from the scene of the S. S. Sessa torpedoing.

COLUMBUS, Sept. 22.—Edward Everett Borton, 82, Ohio Canal land agent or more than 46 years, shot and killed himself at his home here yesterday. Patrolman Delbert Wilkins reported.

Win Pay Raises

COLUMBUS, Sept. 23.—Some 300 city firemen and 235 policemen will receive pay increases ranging as high as \$20 a month under legislation adopted unanimously by the city council last night.

No Bugler Needed

FORT HUACHUCA, Ariz. — The first battalion, 368th infantry, didn't need a bugler to wake up.

Just before time for reveille a deer wandered into camp and nuzzled a man at the end of a long row of sleeping soldiers. He screamed. The startled animal leaped right on down the row, the din increasing progressively.

The day's work got off to an early start.

BRIGHT as a Button

We said "Bright"—
we didn't mean shine! The
nap of the fabric is gently raised
to eliminate the shiny, glossy surface.
Your suit is thoroughly cleaned
to make the original weave stand
out. It is carefully pressed to make
creases hang straight. Of course it
fits 100% better.

prices for every transaction of the
nation's 130,000,000 people.

Whatever its final form, a price
bill is not likely to reach the stage
of house debate for several weeks.
Gore's plan also would freeze ag-
ricultural prices at parity. The ad-
ministration measure would not ap-
ply to wages and would provide that
no ceiling for farm prices could be
set at less than 110 per cent of
the parity level. (Parity is the 1909-1914 relationship between farm
and industrial prices.)

Henderson said that he and his
associates had debated whether to
recommend the universal ceiling
method but finally decided on the
"selective ceiling" plan embodied in
the administration's bill.
